Field Record of Previous Burials

These shocks to be used on the grounds to secure data which will be copied permanently in Centerery Lot necord. WAN
NOTE: Each small square represents a square foot of lot surface. For convenience each tenth foot is indicated by a heavy line. To make a record of previous burials, draw a diagram, with pencil, of
atch lot, beginning with Lot No. 1, and use a separate speet for each lot. This can be done in the office from the plat and the owner's name and other data as to ownership secured from deed record. These
anks will then be taken to the cemetery and a record will be made from the election of those buried and location of grave on lot. A jurgicer corresponding to name must be placed on plat to
entify grave.
